Notes to the Financial Statements
June 30, 2006

GENERAL

Globalwise Investments, Inc. (the Company) has elected to omit substantially all footnotes to the financial statements for the six months ended June 30, 2006, since there have been no material changes (other than indicated in other footnotes) to the information previously reported by the Company in their Annual Report filed on the Form 10-KSB for the twelve months ended December 31, 2005.

UNAUDITED INFORMATION

The information furnished herein was taken from the books and records of the Company without audit. However, such information reflects all adjustments which are, in the opinion of management, necessary to properly reflect the results of the interim period presented. The information presented is not necessarily indicative of the results from operations expected for the full fiscal year.

NOTE PAYABLE

During the quarter the Company received a loan of \$8,000 from an unrelated party. As of the end of the period, the terms of the note have not been finalized.

6

In this report references to "Globalwise," "we," "us," and "our" refer to Globalwise Investments, Inc.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

The Securities and Exchange Commission ("SEC") encourages companies to disclose forward-looking information so that investors can better understand future prospects and make informed investment decisions. This report contains these types of statements. Words such as "may," "will," "expect," "believe," "anticipate," "estimate," "project," or "continue" or comparable terminology used in connection with any discussion of future operating results or financial performance identify forward-looking statements. You are cautioned not to place undue reliance on the forward-looking statements, which speak only as of the date of this report. All forward-looking statements reflect our present expectation of future events and are subject to a number of important factors and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

We are a shell company and during the next twelve months our management intends to actively seek an operating company to acquire or merge with which may provide operating revenue. Based on current economic and regulatory conditions, management believes that it is possible, if not probable, for a company like ours, without many assets or liabilities, to negotiate a merger or acquisition with a viable private company. The opportunity arises principally because of the high legal and accounting fees and the length of time associated with the process of "going public." However, should a merger or acquisition prove unsuccessful, it is possible that we may decide not to pursue further acquisition activities and management may abandon its activities and our shares would become worthless.

As of the date of this filing, we have not identified any assets or business opportunities for acquisition. Potential investors must recognize that because of limited capital available for investigation of business opportunities and management's limited experience in business analysis, we may not discover or adequately evaluate adverse facts about any business opportunity to be acquired. All risks inherent in new and inexperienced enterprises are inherent in our plan.

It is emphasized that our management may effect transactions having a potentially adverse impact upon our shareholders pursuant to the authority and discretion of our management to complete acquisitions without submitting any proposal to the stockholders for their consideration.

As of June 30, 2006 we had \$7,562 cash on hand and total current liabilities of \$48,995. The majority of our operating expenses are related to our reporting obligations under the Exchange Act. These expenses include legal, accounting and professional services and costs required to prepare and file our reports with the SEC. We are unable to pay cash for these services and historically have relied on related parties to pay for these costs on our behalf. We have also relied on advances from a third party.

During the second quarter of 2006 we borrowed \$8,000 from a third party, but as of the date of this filing the terms of this note have not been finalized. We intend to use this cash to fund our operations for the short term, but will likely still rely on related parties to pay for costs on our behalf when we have insufficient cash. We have not entered into written agreements with any related party guaranteeing advances and, therefore, these parties are not obligated to provide funds in the future. We may repay our debt with cash, if available, or may convert the debt into common stock.

ITEM 3. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our filings under the Exchange Act is recorded, processed, summarized and reported within the periods specified in the rules and forms of the SEC. This information is accumulated and communicated to our executive officers to allow timely decisions regarding required disclosure. Our President, who acts in the capacity of principal executive officer and principal financial officer, has evaluated the effectiveness of our disclosure controls and procedures as of

7

the end of the period covered by this report. Based on that evaluation, he concluded that our disclosure controls and procedures were effective.

Also, he determined that there were no changes made in our internal controls over financial reporting during the second quarter of 2006 that have materially affected, or are reasonably likely to materially affect our internal control over financial reporting.
